

Epnet Porphyria External Quality Assessment Scheme

This certifies that

Chinese Foundation of Health

Taipei City, Taiwan, R.O.C.

in 2022

has participated in the
European Porphyria Network (Epnet)
Porphyria External Quality Assessment Scheme (EQAS)
including the following:

Pre-analytical aspects:

Selection of laboratory tests based on a given case history

Analytical aspects:

Performing the following analyses:

Urine: *δ -aminolevulinic acid, quantitative porphobilinogen, total porphyrins, fractionation of porphyrins*

Faeces:

Erythrocytes: *total protoporphyrin, fractionation of protoporphyrin, porphobilinogen deaminase activity*

Plasma: *fluorescence scan*

Post-analytical aspects:

Diagnostic interpretation of laboratory test results

Diagnostic comments reported to the requesting physician

Bergen, 21.12.2022

Dr. Aasne K. Aarsand
Epnet EQAS Director
